Hi Patrick,

Just a quick check to see how you're coming along with getting us some information to help respond to comments on the OK CCR permitting program. Are you still on track to get us something by Friday? Even if it isn't complete, we would really appreciate that b/c we have a briefing for senior management on Monday and don't have a lot to go on at this point. Please let me know. I can set up a call if that would help.

Thank you very much,

Mary
